

# Bulletin Boards

The Highlands District Community Association has erected a proto-type bulletin board beside the mailboxes on Millstream Road at Finlayson Arm Road. Its features include the cedar bulletin board which is more thumb tack friendly than plywood, a generous overhang to keep notices dry and the posts in saddles into concrete foundations which should be long lasting. The HDCA is interested in knowing whether Highlands residents like the design and would like one adjacent to their own mail boxes. Please send your comments to the office at 1980 Millstream Road, Victoria, BC V9B 6H1 or [tneurauter@highlands.ca](mailto:tneurauter@highlands.ca)
